This is to certify that KNS INFRA SERVICES got recognition for their exceptional contributions to the Sagar (M.P) ROB project.

Considering the gravity of the project KNS INFRA SERVICES has displayed an exceptional level of competence, professionalism, and dedication in handling, managing, and maintaining the concrete boom pump during this project. Their expertise in operating the equipment efficiently and safely played a pivotal role in the successful completion of a substantial 20000 cubic meters of work within just 13 months.

Based on-site inspection, the KNS INFRA SERVICES team has consistently delivered outstanding support throughout the project. Their commitment to providing hassle-free work and their prompt responsiveness to any challenges that arise have been invaluable.

The Sagar (M.P) ROB project has benefitted greatly from the dedication and expertise of KNS INFRA SERVICES. We acknowledge and appreciate their exceptional efforts in ensuring the project's completion with excellence.

KNS INFRA SERVICES team leader deserves special recognition for their exceptional efforts. This certificate serves as a token of our gratitude for KNS INFRA SERVICES exemplary performance, unwavering commitment, and outstanding behaviour throughout the project.

This certificate is being issued upon the invaluable contribution of KNS INFRA SERVICES, without any commercial, financial or contractual obligation to Asc Infratech pvt Ltd Company.
